**COMMENTS ON THE EXAMINER'S
STATEMENT OF REASONS FOR ALLOWANCE**

Sir:

In reply to the Examiner's Statement of Reasons for Allowance provided with the Notice of Allowance dated October 5, 2010, Applicants submit the following comments.

The Examiner identifies aspects of the claims not disclosed by any of the art of record, including a movie object with a resume flag having the recited reproduction permission functionality. Although Applicants agree that these claim portions are not taught or suggested by the prior art, individually or in combination with the remainder of the claim, Applicants wish to emphasize that even if these missing aspects were to be found, a person skilled in the art would not necessarily be motivated or able to combine them with related art without significantly modifying the individual data

structure layout and reproduction functionality found in any applied references. Applicants further submit that the Examiner's identification of missing claim aspects is not necessarily the only reason the application is allowable and does not fully reflect or summarize the record during prosecution. Thus, Applicants respectfully submit that, among other things, a specific motivation to modify the related art and a detailed teaching of how such modification may be achieved with expected success must further be identified in order to meet the claim elements missing from the art of record.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Terry Clark at the telephone number of the undersigned below.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 08-0750 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.

Respectfully submitted,

HARNESS, DICKEY, & PIERCE, P.L.C.
